## FCST-X Spare Drop-In Pump Module Brushless TI Automotive E5LM Radium Engineering

Cena brutto	<b>2 488,99 zł</b>
Cena netto	<b>2 023,57 zł</b>
Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>331498369</b>
Kod producenta	<b>USA-RAD-20-1999</b>

### Opis produktu

#### FCST-X FEATURES

##### LEGACY FCST FEATURES

The features listed below carry over from previous fuel cell surge tanks.

- Merged single 10AN ORB female threaded outlet. All pumps use check valves that prevent back-flow.
- One-way fill valves (355LPH each) allows fuel in, but not out, keeping the surge tank full.
- Multiple fuel pump options including gerotor, turbine, and brushless DC motor pumps.
- Hermetically sealed high-current stainless steel electrical studs capable of handling all pumps.
- Simplified servicing eliminates sealing washers and fuel cell retaining brackets.
- Full CNC aluminum construction with anodized surfacing for superior corrosion resistance.
- Fuel compatibility: leaded and unleaded gasoline, methanol, ethanol, E85, etc.
- Optional fuel surge tank level switch and diagnostic LED failsafe port.
- Rollover vent valve protection

##### NEW FEATURES

In addition to all previous FCST features, the new FCST-X rendition is packed with innovations.

- Fast lift and surge pump access (9 bolts total)
- Integrated lift handle for fuel pump servicing
- Lightweight surge tank increased from 2.2L to 2.6L
- Compatible with up to 4 brushless fuel pumps
- Up to 4 Bosch BR540 fuel pumps (DW400)
- Up to 3 Ti Automotive E5LM brushless pumps
- Up to 4 brushless Bosch pumps (DW440)
- Compatible with 16AN inlet mechanical pumps
- Easily swappable pump modules (sold separately)
- Compatible with shrouded level sensors
- Designed with less potential leak points
- Improved fluid control for quick filling
- Optimized internal fluid management
- Enhanced roll over protection
- Anti-rotation electrical terminals

#### 20-1999

##### SURGE PUMP COMPATIBILITY

- \*Ti Automotive E5LM (check valves included)

##### LIFT PUMP COMPATIBILITY

- \*Ti Automotive E5LM

---

- \*\*Walbro F90000267
- \*\*Walbro F90000274
- \*\*Walbro F90000285
- \*\*Walbro F90000295

*\*This pump requires a brushless controller. These typically come standard when purchasing the pump. See Ti Automotive BKS1001.*

*\*\*For these pumps, it is recommended to use the Radium Engineering 14-0143 filter sock.*
