## FCST-X Spare Drop-In Pump Module Brushless TI Automotive E5LM Radium Engineering

Cena brutto	<b>2 488,99 zł</b>
Cena netto	<b>2 023,57 zł</b>
Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>331498369</b>
Kod producenta	<b>USA-RAD-20-1999</b>

### Opis produktu

FCST-X FEATURES LEGACY FCST FEATURE The features listed below carry over from previous fuel cell surge tanks. -Merged single 10AN ORB female threaded outlet. All pumps use check valves that prevent back-flow. -One-way fill valves (355LPH each) allows fuel in, but not out, keeping the surge tank full. -Multiple fuel pump options including gerotor, turbine, and brushless DC motor pumps. -Hermetically sealed high-current stainless steel electrical studs capable of handling all pumps. -Simplified servicing eliminates sealing washers and fuel cell retaining brackets. -Full CNC aluminum construction with anodized surfacing for superior corrosion resistance. -Fuel compatibility: leaded and unleaded gasoline, methanol, ethanol, E85, etc. -Optional fuel surge tank level switch and diagnostic LED failsafe port. -Rollover vent valve protection NEW FEATURES In addition to all previous FCST features, the new FCST-X rendition is packed with innovations. -Fast lift and surge pump access (9 bolts total) -Integrated lift handle for fuel pump servicing -Lightweight surge tank increased from 2.2L to 2.6L -Compatible with up to 4 brushless fuel pumps -Up to 4 Bosch BR540 fuel pumps (DW400) -Up to 3 Ti Automotive E5LM brushless pumps -Up to 4 brushless Bosch pumps (DW440) -Compatible with 16AN inlet mechanical pumps -Easily swappable pump modules (sold separately) -Compatible with shrouded level sensors -Designed with less potential leak points -Improved fluid control for quick filling -Optimized internal fluid management -Enhanced roll over protection -Anti-rotation electrical terminals 20-1999 SURGE PUMP COMPATIBILITY - \*Ti Automotive E5LM (check valves included) LIFT PUMP COMPATIBILITY - \*Ti Automotive E5LM - \*\*Walbro F90000267 - \*\*Walbro F90000274 - \*\*Walbro F90000285 - \*\*Walbro F90000295 \*This pump requires a brushless controller. These typically come standard when purchasing the pump. See Ti Automotive BKS1001. \*\*For these pumps, it is recommended to use the Radium Engineering 14-0143 filter sock. Instruction PDF
