## FCST-X Spare Drop-In Pump Module Brushless TI Automotive E5LM Radium Engineering

Cena brutto	<b>2 488,99 zł</b>
Cena netto	<b>2 023,57 zł</b>
Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>331498369</b>
Kod producenta	<b>USA-RAD-20-1999</b>

### Opis produktu

**FCST-X FEATURES**  
**LEGACY FCST FEATURE**  
 The features listed below carry over from previous fuel cell surge tanks.  
 -Merged single 10AN ORB female threaded outlet. All pumps use check valves that prevent back-flow.  
 -One-way fill valves (355LPH each) allows fuel in, but not out, keeping the surge tank full.  
 -Multiple fuel pump options including gerotor, turbine, and brushless DC motor pumps.  
 -Hermetically sealed high-current stainless steel electrical studs capable of handling all pumps.  
 -Simplified servicing eliminates sealing washers and fuel cell retaining brackets.  
 -Full CNC aluminum construction with anodized surfacing for superior corrosion resistance.  
 -Fuel compatibility: leaded and unleaded gasoline, methanol, ethanol, E85, etc.  
 -Optional fuel surge tank level switch and diagnostic LED failsafe port.  
 -Rollover vent valve protection  
**NEW FEATURES**  
 In addition to all previous FCST features, the new FCST-X rendition is packed with innovations.  
 -Fast lift and surge pump access (9 bolts total)  
 -Integrated lift handle for fuel pump servicing  
 -Lightweight surge tank increased from 2.2L to 2.6L  
 -Compatible with up to 4 brushless fuel pumps  
 -Up to 4 Bosch BR540 fuel pumps (DW400)   
 -Up to 3 Ti Automotive E5LM brushless pumps  
 -Up to 4 brushless Bosch pumps (DW440)  
 -Compatible with 16AN inlet mechanical pumps  
 -Easily swappable pump modules (sold separately)  
 -Compatible with shrouded level sensors  
 -Designed with less potential leak points  
 -Improved fluid control for quick filling  
 -Optimized internal fluid management  
 -Enhanced roll over protection  
 -Anti-rotation electrical terminals  
**20-1999 SURGE PUMP COMPATIBILITY**  
 \*Ti Automotive E5LM (check valves included)  
**LIFT PUMP COMPATIBILITY**  
 \*Ti Automotive E5LM- \*\*Walbro F90000267- \*\*Walbro F90000274- \*\*Walbro F90000285- \*\*Walbro F90000295\*This pump requires a brushless controller. These typically come standard when purchasing the pump. See Ti Automotive BKS1001.\*\*For these pumps, it is recommended to use the Radium Engineering 14-0143 filter sock. Instruction PDF
