## FCST-X Spare Drop-In Pump Module Walbro GSS342 AEM 50-12 1200 or DW440 Radium Engineering

Cena brutto	<b>2 488,99 zł</b>
Cena netto	<b>2 023,57 zł</b>
Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>331498351</b>
Kod producenta	<b>USA-RAD-20-1996</b>

### Opis produktu

#### FCST-X FEATURES

##### LEGACY FCST FEATURES

The features listed below carry over from previous fuel cell surge tanks.

- Merged single 10AN ORB female threaded outlet. All pumps use check valves that prevent back-flow.
- One-way fill valves (355LPH each) allows fuel in, but not out, keeping the surge tank full.
- Multiple fuel pump options including gerotor, turbine, and brushless DC motor pumps.
- Hermetically sealed high-current stainless steel electrical studs capable of handling all pumps.
- Simplified servicing eliminates sealing washers and fuel cell retaining brackets.
- Full CNC aluminum construction with anodized surfacing for superior corrosion resistance.
- Fuel compatibility: leaded and unleaded gasoline, methanol, ethanol, E85, etc.
- Optional fuel surge tank level switch and diagnostic LED failsafe port.
- Rollover vent valve protection

##### NEW FEATURES

In addition to all previous FCST features, the new FCST-X rendition is packed with innovations.

- Fast lift and surge pump access (9 bolts total)
- Integrated lift handle for fuel pump servicing
- Lightweight surge tank increased from 2.2L to 2.6L
- Compatible with up to 4 brushless fuel pumps
- Up to 4 Bosch BR540 fuel pumps (DW400)
- Up to 3 Ti Automotive E5LM brushless pumps
- Up to 4 brushless Bosch pumps (DW440)
- Compatible with 16AN inlet mechanical pumps
- Easily swappable pump modules (sold separately)
- Compatible with shrouded level sensors
- Designed with less potential leak points
- Improved fluid control for quick filling
- Optimized internal fluid management
- Enhanced roll over protection
- Anti-rotation electrical terminals

#### SPARE DROP-IN PUMP MODULES

An FCST-X spare drop-in pump module is an additional lift and surge pump assembly for super fast pit stops. If fuel pressure issues arise, 9 bolts out and back in will get your team back on the track. Pumps are not included.

**20-1996**

#### PUMP COMPATIBILITY

---

- Walbro GSS342
- AEM 50-1200
- \*Deatschwerks DW440

*\*Use the electrical connector provided with the pumps.*
