FCST-X Spare Drop-In Pump Module Walbro GSS342 AEM 50-12 1200 or DW440 Radium Engineering

Cena brutto	2 488,99 zł
Cena netto	2 023,57 zł
Dostępność	Na zamówienie
Numer katalogowy	331498351
Kod producenta	USA-RAD-20-1996

Opis produktu

FCST-X FEATURES
LEGACY FCST FEATURE
 The features listed below carry over from previous fuel cell surge tanks.
 -Merged single 10AN ORB female threaded outlet. All pumps use check valves that prevent back-flow.
 -One-way fill valves (355LPH each) allows fuel in, but not out, keeping the surge tank full.
 -Multiple fuel pump options including gerotor, turbine, and brushless DC motor pumps.
 -Hermetically sealed high-current stainless steel electrical studs capable of handling all pumps.
 -Simplified servicing eliminates sealing washers and fuel cell retaining brackets.
 -Full CNC aluminum construction with anodized surfacing for superior corrosion resistance.
 -Fuel compatibility: leaded and unleaded gasoline, methanol, ethanol, E85, etc.
 -Optional fuel surge tank level switch and diagnostic LED failsafe port.
 -Rollover vent valve protection
NEW FEATURES
 In addition to all previous FCST features, the new FCST-X rendition is packed with innovations.
 -Fast lift and surge pump access (9 bolts total)
 -Integrated lift handle for fuel pump servicing
 -Lightweight surge tank increased from 2.2L to 2.6L
 -Compatible with up to 4 brushless fuel pumps
 -Up to 4 Bosch BR540 fuel pumps (DW400) -Up to 3 Ti Automotive E5LM brushless pumps
 -Up to 4 brushless Bosch pumps (DW440)
 -Compatible with 16AN inlet mechanical pumps
 -Easily swappable pump modules (sold separately)
 -Compatible with shrouded level sensors
 -Designed with less potential leak points
 -Improved fluid control for quick filling
 -Optimized internal fluid management
 -Enhanced roll over protection
 -Anti-rotation electrical terminals
SPARE DROP-IN PUMP MODULE
 An FCST-X spare drop-in pump module is an additional lift and surge pump assembly for super fast pit stops. If fuel pressure issues arise, 9 bolts out and back in will get your team back on the track. Pumps are not included.
20-1996 PUMP COMPATIBILITY- Walbro GSS342- AEM 50-1200- *Deatschwerks DW440*
 Use the electrical connector provided with the pumps. Instruction PDF
