Fiat Grande Punto and Alfa Romeo Mito 1.4 Tjet intake

Cena brutto	1 647,92 zł
Cena netto	1 647,92 zł
Dostępność	Na zamówienie
Numer katalogowy	379175262

Opis produktu

This polished aluminium intake completely replaces the restrictive stock airbox, and filters the air with a Forge cone filter which gives an excellent induction noise. It comes with a heat shield integrated into the design, so that the hot air is shielded from the filter, which in turn is mounted over the inner arch where it can draw in the cooler air from the front of the car.

This kit contains everything necessary for installation, including high quality stainless steel hose clamps (with smooth inside suitable for rubber and silicon), all other fixing hardware and comprehensive fitting instructions.

For replacement filters see the link below:

[Pleated Filter - FMAF4](#)

[Foam Filter - FMPK0182](#)

Note this intake does NOT currently fit the Grande Punto Abarth or Abarth Esesse

DO NOT OVER TIGHTEN

When fitting the filter to its counterpart please ensure you do not over tighten the hose clamp connecting them. Doing so could result in the part being crushed, leading to fitment and/or performance issues. The recommended torque setting for this hose clamp is 2-2.4Nm
