Numer katalogowy	<b>379175376</b>

### Opis produktu

This is a comprehensive coolant hose kit which replaces the following hoses:

Top radiator hose, bottom radiator hose, header tank main bottom hose, header tank upper hoses x3 (one pipe immediately out of the header tank, and the two hoses that split from this)

Hoses are available in red only.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty\*
