Cena brutto	795,43 zł
Cena netto	795,43 zł
Dostępność	Na zamówienie
Numer katalogowy	379175812

Opis produktu

This reinforced silicone intake hose fits the Honda Civic Type R, 2015-on, with the 2.0 turbocharged engine. Due to its location it really improves the looks of the engine compartment and removes any restriction of the OEM inlet hose, plus it maintains a constant diameter through its length and doesn't neck down like the OEM hose does.

These are available in black.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
