Forge Motorsport Valve Service Kit

Cena brutto	111,85 zł
Cena netto	111,85 zł
Dostępność	Na zamówienie
Numer katalogowy	379174560

Opis produktu

For info on how to service your valve, click on the 'Instructions' tab above or visit our guides [here](#)

To order the correct part, you will need to know the Forge product code of your valve. This will start with 'FM' and will be located on your original purchase receipt, or on the side of the product box. By servicing your valve/adaptor at regular intervals, you can **ensure that your Forge Motorsport product will last a lifetime.**

Each service kit varies depending on which product you need it for:

- Valve service kits ONLY contain replacement "O" rings, piston, and grease.
- Blow off adaptor service kits contain ONLY replacement "O" rings and bolts.
- The splitter valve service kit contains a replacement brass piston and spring.
- Valves that have O-rings situated on the piston will not come with a piston as the wear is on the O-rings rather than the piston itself.

If you would like to know what is included in your specific valve service kit, please [contact us](#). If you do not see your product listed, please [contact us](#) with your requirements.
