Numer katalogowy	379176891

Opis produktu

It's here, the highly requested Forge Motorsport Sun Strip. Available in either a Matte Black cut out or Solid Matte Black strip with a choice of Gloss White, Gloss Black or Gloss 'Forge' Blue sticker.

Our Sun Strip gets you extra scene points whilst simultaneously providing a block to the ever-blinding sun, represent the best in the aftermarket performance game with a Forge Sun Strip.

The Forge Sun Strips are sized to fit a wide range of vehicle windscreens, the strip itself measures in at 1500mm by 250mm. With the Forge Stickers/cut-out measuring 230mm by 100mm. Supplied in a high quality air-release vinyl making for the easiest of applications.

We recommend that you have at least 2 people on hand to apply the Sun Strip and choose to do so in warm weather to aid the application to your windscreen; also make sure the windscreen surface is clean and free of any dirt and debris.

Please remember that on more modern vehicles the installation of a windscreen banner can effect the vision of such sensors as the automatic windscreen wipers or automatic lights, if the banner covers these sensors then you will need to disable the sensor in the cars settings to as not to dazzle other road users.
