The following aftermarket fuel pumps are verified to be compatible with the FHST:*Walbro F90000267*Walbro F90000274*Walbro F90000285*Walbro F90000295*Walbro GSS342*AEM 50-1200**Bosch BR540**Deatschwerks DW400**Deatschwerks DW440 (brushless)**Protec 11928 (brushless)**Fuelab 49614 (brushless)*Injector Dynamics BPC1000 (brushless)*Ti Automotive BKS1001 (brushless) *Sock filters are provided in this kit (20-0860) for these pumps.**Sock filters are included from the fuel pump manufacture.

OVERVIEWThe Radium Engineering Fuel Hanger Surge Tank (FHST) is a drop-in aftermarket fuel pump solution for maximizing power potential. The FHST system independently supplies fuel to the port injectors, while the direct injection system remains undisturbed using the OEM fuel pump. The surge tank functionality ensures that a fuel reserve is kept trapped around the aftermarket fuel pump to prevent fuel starvation. Features-Drop-In Installation-Brushless Fuel Pump Compatibility-Fuel Starvation Protection-High Current Electrical Hardware-Compatibility with Popular Fuel Pumps-Anodized Aluminum Construction-Gasoline, Methanol, and Ethanol Compliant-Fuel Resistant Tubing and Wiring-Stainless Steel Hardware Instruction PDF
