Fuel Rails for GM LS1 / LS2 / LS3/ LS6 / L76 / L99 Radium Engineering

Cena brutto	1 148,99 zł
Cena netto	934,14 zł
Dostępność	Na zamówienie
Numer katalogowy	331470007
Kod producenta	USA-RAD-20-0232

Opis produktu

PORTS AND FITTINGS

The fuel rail ports are tapped for 8AN ORB.

8AN ORB Adapter Fittings
8AN ORB Direct Mount Regulators
8AN ORB Fuel Pulse Dampers
Fuel Pressure Gauge Adapters

Appropriate fittings must be selected based on the specific application. Ample space around the fuel rail port(s) is necessary for larger accessories such as fuel pressure regulators, fuel pressure gauges, and fuel pulse dampers. To verify clearance, the dimensional drawings on the product pages can be used as a reference guide.

Manufactured with a large 0.69" internal bore, the fuel rails can support all necessary engine power requirements. They are CNC machined from extruded 6063 aluminum, black anodized, and laser etched for a high quality surface finish. All end ports are machined with 8AN ORB (3/4-16 female) threads. The lower center ports can be used for optional adapters and are also tapped with 8AN ORB (3/4-16 female) threads.

INCLUDED

- Black Anodized Laser Etched Aluminum Fuel Rails (x2)
- Black Anodized Aluminum Mounting Feet (x4)
- Stainless Steel Mounting Feet Hardware (x8)
- Stainless Steel Replacement Mounting Bolts (x4)

FUEL INJECTOR COMPATIBILITY

This fuel rail is compatible with factory or OEM equivalent fuel injectors. If upgrading fuel injectors, consult your aftermarket injector supplier for details. Radium Engineering cannot specify any further injector dimensions other than stating 'OEM equivalent'.
