Fuel Surge Tank Kit for Honda S2000 00-05 FST Sold Separately Radium Engineering

Cena brutto	1 849,00 zł
Cena netto	1 503,25 zł
Cena poprzednia	2 281,93 zł
Dostępność	Na zamówienie
Numer katalogowy	331496334
Kod producenta	USA-RAD-20-0094

Opis produktu

All Radium FSTs are CNC machined from aluminum and fully anodized and use PTFE insulated wiring, submersible hose, etc. to make them alcohol (ethanol/methanol/E85) compliant. The Honda S2000 install kit locates the FST in a hidden collision-safe area of the trunk behind the left seat using factory located threaded bosses. No modifications or drilling required. Because the S2000 is a small vehicle, please consider the decibels of the fuel pump selected. As shown below, 100% of the trunk space is still useable.

Honda S2000 Install Kit Features:

- Preassembled 3/8" (-6AN) PTFE Hoses
- Aluminum Mounting Bracket with Vibration Isolators
- AN and OEM Style Adapter Fittings
- Stainless Steel Hardware
- Wiring Components with Relay and Fuse
