Fuel Surge Tank Kit for Mitsubishi EVO X FST Sold Separately Radium Engineering

Cena brutto	1 849,00 zł
Cena netto	1 503,25 zł
Dostępność	Na zamówienie
Numer katalogowy	331496336
Kod producenta	USA-RAD-20-0113

Opis produktu

This comprehensive installation kit includes everything needed to install a Radium fuel surge tank with a single 39mm fuel pump in a Mitsubishi Lancer Evolution X. The kit was NOT designed to work with RHD EVOX models that use the large OEM windshield washer reservoir. FEATURES -Preassembled 3/8" (-6AN) PTFE Hoses -Aluminum Mounting Bracket-AN and OEM Style Adapter Fittings-Stainless Steel Hardware -Wiring Components with Relay and Fuse. NOTES Due to the restrictive return port on the OEM fuel pump housing, a slightly higher static fuel pressure is normal when using a high flow pump. To alleviate this issue, the OEM fuel pump housing return port can be modified (enlarged) to alleviate the restriction and promote fuel flow back into the OEM fuel tank. This is noted in the instruction manual. Instruction PDF
