Gold Heat Resistant Wrap

Cena brutto	186,47 zł
Cena netto	186,47 zł
Dostępność	Na zamówienie
Numer katalogowy	379176336
Kod producenta	FMGW50
Kod EAN	*5056721234816*

Opis produktu

- State of art polymer laminated glass cloth
- Superb heat barrier qualities
- Withstands radiant temperatures up to 450°C/850°F
- Ultra thin for minimal clearance
- As used in WRC and F1
- Each roll is 50mm wide x 5 metres long (2" x 16ft)
- Adhesive backing for ease of fitting

After extensive market research Forge Motorsport are proud to release a state of the art metalized polymer laminated glass cloth with adhesive backing that is both extremely light and capable of handling continuous radiant temperatures of up to 450°C.

It reflects up to 80% of all radiant heat, whilst offering weight savings against other heat reflecting materials. Forge Motorsport's gold reflective heat barrier requires minimal clearance and is an extremely pliable material with a pressure sensitive adhesive backing that is easy to apply and remove.

As used in WRC and F1, make no mistake this gold reflective heat barrier tape is of excellent quality and superb value for money.

When used correctly this tape can be used to protect intake components thus lowering IATs resulting in a more efficient and reliable engine cycle.

Typical uses are:

Wrapping wiring, inside engine covers, bulkheads and firewalls, boost pipes, fuel lines, under seats, intake pipes, airboxes, engine compartments, fuel cells...
