## Goodridge Dash 4 Breake Hose set 600 (per linear meter)

Cena brutto	<b>68,99 zł</b>
Cena netto	<b>56,09 zł</b>
Cena poprzednia	<b>85,15 zł</b>
Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>331501418</b>
Kod producenta	<b>G-600-4</b>

### Opis produktu

#### Type S Tubing Teflon tube Series 600 DASH 4

The 1 mm thick **Teflon** tube with stainless steel braid can withstand temperatures ranging from **-56°C to 232°C**. Teflon can withstand **high stresses** and is compatible with **all types of fluids** used: gasoline, diesel, brake fluids and antifreeze. The rubber of the type S hoses resists **high pressures** without any alteration.

High speed, constant rapid gear changes and heavy braking put great strain on competition hydraulic systems, where failure can be disastrous. 600 series hose strongly resists expansion under high pressure and temperature, provides consistent brake and clutch pedal pressure giving firmer and more efficient operation without that spongy feeling.

Excellent for all 4 and 2 wheel braking applications whether for the circuit or road.

Inside diameter : **5 mm**

Outside diameter : **7.65 mm**

Working pressure (bar) : **280**

Min. burst pressure (bar) : **840**

Weight (kg/m) : **about 0.075**
