Opis produktu

GReddy Universal Oil Catch Tank Prevents oil and moisture from being recirculated into the intake Compact and super light construction Material : aluminium Capacity : 1 L Supplied with bracket, screws, hose (Ø15 mm), adapters, clamps... Made in Japan GReddy part number : 13500602 GReddy Universal Oil Catch Tank Specifications This universal 1L GReddy oil catch tank traps oil and moisture from engine blow-by gas that can clog the intake system and decrease combustion efficiency. It keeps the engine clean even under the most difficult conditions and gives the engine bay a racing look thanks to its polished aluminium construction. By periodically checking the quantity and condition of the oil in the tank, you can also ensure that the engine is in good health. Lightweight and compact, this oil catch tank will fit easily under the bonnet of most vehicles.
