Engine code(s) : VQ35HR  
GReddy part no. : NS-6GT (12522506)  
GReddy Airinx-GT Air Filters Specifications  
These GReddy Airinx-GT high performance filters go in place of the original air filters of your vehicle. Made with special fibers, they provide a higher intake flow compared to the standard filters while the laminated metal structure guarantees excellent rigidity and durability. The rubber housings are fully sealed and prevent even the smallest dust from entering the intake. These filters are very high quality while remaining particularly affordable and fit directly in the original air boxes.
