Opis produktu

GReddy ZC33S Steering Wheel To suit Suzuki Swift Sport ZC33S (2017+) True to the OE steering wheel design Black carbon and high-quality leather upholstery Hand-made red stitching Lightweight and highly rigid aluminium frame GReddy emblem SGS certification Compatible with genuine steering wheel parts GReddy Black Carbon Steering Wheel with Red Stitch for Suzuki Swift Sport ZC33S Specifications Designed for the Suzuki Swift Sport ZC33S, this GReddy steering wheel enhances the driving experience by providing superior comfort while retaining the design and functionality of the standard steering wheel. It is covered in real black carbon and breathable cowhide leather with pistol grip sides for an excellent grip. The GReddy emblem reinforces the sporty look. The steering wheel is based on a light, rigid aluminium alloy frame, like the original model, and features hand-made red stitching. It has been tested by the independent body SGS (Société Générale de Surveillance) and certified to be as strong as the original steering wheel in load and torque tests. The parts supplied with the genuine steering wheel, the airbag and the paddle shifters can be transferred as they are to this GReddy steering wheel. The airbag, switches, paddle shifters and covers are not included.
