GReddy Carbon Spoiler for Suzuki Swift Sport ZC33S Specifications
Made in Japan by GReddy, this carbon fiber spoiler with transparent gel-coat finish ensures a seamless fit. In addition to bringing a touch of discreet aggressiveness, it improves aerodynamics around the tailgate and slightly increases downforce. This carbon fiber spoiler can be installed on all Swift Sport ZC33S models, without any modification. Simple and quick assembly, for a sporty look!
Please note
We take special care in the protection and packaging of these parts for transport. However, it is imperative to check the contents of the package and the condition of the goods delivered in the presence of the delivery person. If necessary, write clearly on the transport documents before signing. No recourse with the carrier or DriftShop will be possible if the condition was not indicated upon delivery.
