Opis produktu

GReddy High Capacity Diff Cover
To suit Nissan 350Z (2002-2009)
Engine codes : VQ35DE, VQ35HR
Improves cooling efficiency
Optimizes lubrication
Oil capacity : 2.1L (OEM is 1.4L)
Direct fitment
Made in Japan by GReddy
GReddy part number : 14520403
GReddy High Capacity Diff Cover for Nissan 350Z Specifications
This GReddy differential cover for Nissan 350Z increases the oil heat mass by increasing the capacity of the differential. It features a baffle plate to ensure perfect lubrication of the differential, even when subjected to high Gs during acceleration, braking and cornering. Made of cast aluminum, this robust cover has a capacity of 2.1 liters (compared to 1.4 liters on the OE part). It fits in place of the stock cover. A genuine oil seal is recommended for installation.
