Opis produktu

Give your GT86/BRZ an aggressive look !Compatible with any GT86/BRZ ZN6/ZC6 (2012-2021)AES wind spoiler with carbon patternPerfect fitmentMade in Japan, high quality finishImproves aerodynamicsQuick and easy installationGReddy part number : 17010251GReddy Rear Wind Spoiler for Toyota GT86 & Subaru BRZ SpecificationsManufactured in Japan by GReddy, this wind spoiler smoothes the area between the rear window and the trunk lid to improve airflow for better aerodynamic performance. By covering this large space, it also reduces the intrusion of dead leaves and other unwanted debris.Suitable for all Toyota GT86 and Subaru BRZ models, this wind spoiler is made from AES (acrylonitrile ethylene styrene) resin, a material that offers better weather protection than ABS and is highly rigid and resistant to impact and heat. This piece boasts a high level of finish, thanks to its surface with a carbon-like pattern.This part can be fitted as is or painted, and is fixed to the rear window using double-sided tape. It's quick and easy to fit, for a discreet but effective sporty look!
