Opis produktu

GReddy Aluminum Radiator For Suzuki Swift Sport ZC33S with K14C engine TIG welded, 100% aluminum construction Ideal for both daily and competition use Increased cooling Strong and lightweight Made in Japan by GReddy GReddy part number : 12093801 GReddy TW-R Aluminum Radiator for Suzuki Swift Sport ZC33S Specifications This GReddy radiator for Suzuki Swift Sport ZC33S is ideal for daily use, track or competition. It features a wider core than the stock radiator and an all-aluminum construction that significantly improves cooling and reduces weight for superior performance. Very solid and TIG welded, it also limits pressure losses to a maximum. Technical Data Vehicle model : Suzuki Swift Sport ZC33S Engine code : K14C Model year : 2017+ Core thickness : 42 mm Cap : 1.3 bar (supplied) Sensor boss : 1/8PT
