Kod producenta	GT-T3X6-STRUCT-2

Opis produktu

This structure is specially adapted to the GT2i Race & Safety 3x6m folding tents, creating a covered space to house stands, vehicles, or other equipment at competitions, fairs, car shows, open-air markets, and many other outdoor events.

Made from high-quality steel, this structure is painted with a 30mm rust-resistant epoxy coating, guaranteeing its corrosion resistance and durability. The reinforced connecting parts come with a one-year warranty, ensuring the solidity of the whole. Steel screws and bolts contribute to the structure's stability and reliability.

Assembly is simple and requires no special tools. **With 30x30mm-diameter legs and 27x15mm-diameter scissors**, this structure provides a solid, stable base for your tent. **What's more, when folded, it measures 167x84x24cm**, making it easy to store and transport.
