Opis produktu

The HARDRACE radius arm is designed for Jimny with 3" lift. The arm features built-in caster increase and adjustment mechanism to maintain factory alignment setting, allowing greater wheel clearance, axle movement and handling performance after suspension lifts. With ED coated and painted high strength construction and harden rubber bushing, these arms provide superior strength and durability along with solid driving response.. Correct caster angle and wheel alignment on lifted cars. High strength construction. ED coated and painted for highest durability. Harden rubber equipped for better chassis response Note:For 3" LiftHarden Rubber Equipped2PCS/SET Fits:Suzuki Jimny 4th 2018-present Suzuki Jimny 3rd 1998-2018
