Opis produktu

The Hardrace quick disconnect sway bar utilize lock pin mechanism to provide a fast and simple way to switch between street and trail settings. During street driving the bar is engaged to ensure on-road handling performance. To achieve greater articulation off-road, you can disconnected the sway bar in seconds just with the pull of a pin. This allows the vehicle to easily accomodate all driving conditions. The sway bar features ED-coated high strength steel construction and greasable self-lubricated pivot bearings for superior durability and easy maintainance, designed to capably withstand the most demanding off-road conditions.. Lock pin quick disconnect mechanism. Easy switch to on-road / off-road settings. ED-coated high strength steel construction. Greasable self-lubricated bearing equipped Note:7PCS/SET Fits:Suzuki Jimny 4th 2018-present
