### Opis produktu

Hardrace is proud to announce the tow hook / recovery point for JB64/JB74 Jimny. The tow hook features ED-coated high strength 10mm thick steel alloy construction to withstand heavy towing loads and harshest environmental conditions. Mounted to the frame rail and factory tow point, it not only helps extend the tow point for easier access and sportier looking, but also strengthens up the original tow point welding structures to provides a safer towing option to your vehicle, definetely an essential for offroad cars.. 10mm thick steel alloy construction. ED coated for highest durability. Improve tow hook structure and accessibility. Direct bolt-on design, no drilling & welding required. Compatible with factory bumper Note:For LHD / Driver Side Use1PCS / SET Fits:Suzuki Jimny 4th 2018-present
