Opis produktu

Steering tie rod angle changes as the suspension is lowered/lifted. This will make the car difficult to control due to the unwanted toe change during suspension travel (Bumpsteer). Hardrace RC tie rod ends, by relocating the tie rod end ball joint pivot point, will help return the geometry back to original specs for proper steering response. The tie rod ends are manufactured from high quality ball joint to provide a more direct and responsive steering feel and sustain extensive loads.. Correct steering geometry on lowered cars. Provide more direct steering response. Premium quality ball joint equipped. Direct bolt-on with OEM components Note:For Lowered Suspension Use2 PCS/SET Fits:Nissan Z 6th Z34 2008-2021 Nissan Z 7th RZ34 2022-Present Nissan Skyline V36 Nissan Skyline V37 Infiniti G series 2006-2014 V36 Infiniti Q50 V37 2013-present Infiniti Q60 CV37 2016-present
