Opis produktu

Panhard rods control lateral movement of the axle housing. Once the car is lifted, the added height will throw off the alignment and shift the axle to one side. Hardrace panhard rods features adjustable mechanism, which allow you to re-center the axles and keep the vehicle tracking straight down the road. The high strength tubular steel construction and harden rubber bushings also provide greatest strength to withstand harshest off-road conditions, allowing you to tackle tough terrain.. Correct axle alignment on lifted cars. High strength tubular steel construction. ED coated and painted for the highest durability. Equipped with premium quality bushings Note:Harden Rubber EquippedFor 2~4 Inch Lift 1 PCS/SET Fits:Toyota Fortuner 2004-2015
