Opis produktu

The camber kit allows fine adjustments to the rear end camber setting of the vehicle. It can either help maximize wheel contact patch to improve cornering grip or get your car back to original alignment specs after lowering to prevent uneven tyre wear. The arms are made of high tensile steel alloys to offer greatest strength and durability. With premium quality harden rubber and pillow ball bushings equipped, they also provide much more precise and solid handling response over the factory components.. Offers camber adjustability to suit various driving conditions. High-strength steel alloy construction. Premium quality harden rubber bushings & pillow ball joints equipped. Improve handling performance. OE direct fitment. Factory brake hose mounting bracket compatible Note:Pillow Ball + Harden Rubber Bushings2 PCS/SET Fits:Toyota Sienna 4th XL40 2021-present
