Cena brutto	3 316,78 zł
Cena netto	2 696,57 zł
Numer katalogowy	HR-Q0957

Opis produktu

The rear lower arm allows fine adjustment to the rear end camber setting of the vehicle. It can either help maximize wheel contact patch to improve cornering grip or get your car back to original alignment specs after lowering to prevent uneven tyre wear. The arm features improved construction and materials made of boxed steel alloy to offer superior strength, durability over the factory stamped steel pieces. The equipped high quality pillow ball bushings also provide much more solid and precise handling response.. Offers camber adjustability to suit various driving conditions. High-strength boxed steel alloy construction. Premium quality pillow ball bushings equipped . Improve handling performance. OE direct replacement
