Opis produktu

Hardrace panhard rod extension bracket is designed to correct suspension geometry of your lifted Jimny. With the lower mount of panhard rod raised, it restores proper panhard rod angle and raises roll center of the rear axle to help reduce body roll, improve handling and ride comfort. The bracket is constructed from high strength steel with ED coating and painting for superior strength and durability. It bolts on to the existing mounting holes, no drilling, cutting or welding required for installation.. Correct track bar geometry for lifted vehicles. High strength steel construction. ED coated and painted for highest durability. Bolt-on installation Note:For 3"+ Lift1 PCS/SET Fits:Suzuki Jimny 4th 2018-present
