Opis produktu

For anyone who's lowered your HR-V / VEZEL, you won't have failed to notice that the headlight beam seems shorter and allows you to see less up ahead. Obviously, due to the car being lower, the lights are lower too. So the beam isn't shining so far ahead as it's now lower to the ground. HARDRACE headlight leveling bracket of HR-V / VEZEL can easily replace the OE ones to adjust your headlights to point up a bit more and get back to the correct height. Note:1 PCS/SETREAR SIDE
Fits: Honda HR-V 2nd 2014-2021
