Opis produktu

Sway Bar affects handling and the car's oversteer and understeer characteristic. It ties the lower suspension links together across the front or rear end, will keep your car flat in turns instead of leaning over to one side, providing better control especially at high speeds cornering.. Designed for OE direct replacement. Hollow internal structure. Heat treated. Correction of under or oversteer. Improve more grip and better handling. Increase stability during high speed cornering Note:22 mm 5 PCS/SET Fits: Honda Odyssey usdm 5th RL6 2018-Present
