Opis produktu

Sway Bar affects handling and the car's oversteer and understeer characteristic. It ties the lower suspension links together across the front or rear end, will keep your car flat in turns instead of leaning over to one side, providing better control especially at high speeds cornering.. Designed for OE direct replacement. 2-way adjustable design. Hollow internal structure. Heat treated. Correction of under or oversteer. Improve more grip and better handling. Increase stability during high speed cornering Note:22 mm For FWD Use5 PCS/SET Fits:Volkswagen Caddy MK3 2K 2004-2020
