### Opis produktu

This camber kit is designed for CR-V with suspension lift. The rod length and bushing angle are redesigned to correct suspension geometry, and the adjustable function allows additional camber angle change to fix uneven tire wear or gain cornering grip. This camber kit is made with high tensile steel with ED coated and painted to ensure strength and durability. The equipped harden rubber bushing provide advanced driving response.. Correct suspension geometry on lifted cars. Camber adjustment. High strength construction. ED coated and painted. Harden rubber equipped Note:Harden Rubber Equipped2 PCS/SETFOR LIFTED CAR USE Fits: Honda CR-V 1st RD1-RD3 1997-2001
