Cena netto	210,56 zł
Dostępność	Na zamówienie
Numer katalogowy	331496032
Kod producenta	USA-RAD-20-0627

Opis produktu

20-0627 HICAS LINE RETAINER KIT, NISSAN

These retainers are only for Nissan vehicles that use HICAS (High Capacity Actively Controlled Steering) on the rear wheels. The HICAS lines share the same plastic retainers as the fuel and brake lines. If these retainers are ever removed, the HICAS lines will be left hanging.

When installing the HICAS retainer kit, equally space all 5 clamps as shown above. Because the 2 HICAS lines are rigidly secured to the chassis in the front and the rear, these clamps do not secure to the unibody. They are already rigid enough to not sag.

INCLUDED

- (5x) Black Anodized 6061 Aluminum Clamps.
- (5x) Stainless Steel M6x1mm Allen Head Bolts.
