Opis produktu

This reinforced silicone intake hose fits the 2 litre turbo on a variety of VAG cars, including the vehicles listed below. Due to its location it really **improves the looks of the engine compartment and removes any restriction of the OEM plastic hard pipe.**

□ **Great product. Quality as with all Forge parts is really high. Looks great in the engine bay too** □

Fits:

- Audi A3 2015 onwards
- Audi Q3 2015-2018
- Audi S3 8V
- Audi SQ2
- Audi TT 2015 onwards

These are available in red, blue or black. Please select your choice in the options above when ordering. This part is also compatible with our turbo inlet adapter, [FMTIA1](#)

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*

The hose has an inner diameter of 70mm and 80mm
