Numer katalogowy	<b>379175500</b>
Kod producenta	<b>FMINDR60</b>
Kod EAN	<b>*5056721228983*</b>

### Opis produktu

After testing many options on the Countryman Cooper S we concluded that the original intake design was excellent and the only way to achieve true performance gains, with an increase in both power and torque, was an open cone filter solution. As always this is a highly engineered product down to the last detail, and is ready to install. This kit gives performance, great looks and an awesome sound.

**Please watch [our video](#) on how to fit an air filter without damaging it.**
