Opis produktu

This **induction kit for the 1.2TSI** has been intelligently designed to allow for a relatively simple install while **improving air flow and induction noise**. Our intake will ensure that your engine can breath freely and maximise any restrictions from the OEM air box and filter. The induction kit is perfectly paired with our dump valve solution, [FMDV12VAG](#).

The silicone inlet hose is available in a choice of either red, blue, or black. The filter itself has been deigned in conjunction with the engineers at [Pipercross](#) who are well respected in the motorsport scene, especially with the [British Touring Car Championship](#).

- Made in the UK
- [Pipercross](#) filter
- Everything you require is supplied in the kit with comprehensive instructions
- The construction of the hose has been engineered to exceed that of the OEM fitments
- Lifetime warranty

Please note: This will only fit the 1.2 engine with engine code **ZBZA, CBZA, CBZB and CBZC** - If your engine bay looks the same as below, this part will fit:

Please note - the Pipercross filter is excluded from the Forge lifetime warranty

□ *An absolutely fantastic piece of engineering, excellent fitting instructions and a superb fit.* □
