Inlet Hose for Ford Fiesta ST180

Cena brutto	614,10 zł
Cena netto	614,10 zł
Dostępność	Na zamówienie
Numer katalogowy	379175663

Opis produktu

This inlet pipe for the Ford Fiesta ST180 fits between the air filter and turbo inlet pipe and is a highly visible component of the engine bay, accordingly its available in red, blue and black. Its fully compatible with either the stock filter box or our Forge Motorsport ST180 intake http://www.forgemotorsport.co.uk/Intake_for_the_Fiesta_ST180--product--1362.html

Unlike the stock Ford hose, this inlet hose maintains a constant internal diameter to ensure a smooth flow of air to the turbo, which owners have commented makes the car more lively to drive.

Our High grip hose clamps are included with this product.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
