Inlet Hose for Peugeot 208 GTI

Cena brutto	1 009,47 zł
Cena netto	1 009,47 zł
Dostępność	Na zamówienie
Numer katalogowy	379176553

Opis produktu

The Forge Motorsport high flow inlet hose for the Peugeot 208 GTI face lift model from late 2016 onwards (208bhp EP6-FDTX Euro 6 Engines) replaces the restrictive plastic inlet pipe with our smooth bore multi-ply silicone hose which increases air flow, improving efficiency and performance.

Available in red, blue, or black, and is supplied with all necessary hose clamps and adapters for a straight forward fit.

This is a replacement for the OEM factory inlet hose, you can check compatibility by referencing the OEM part number. **OEM Number 9805501580-03**

The Forge silicone hose in this kit has been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.

- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) but more importantly for this application, air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
