### Opis produktu

**Not compatible with vehicles with sensors or spouts. Please check the OEM part number to ensure compatibility.**

This reinforced silicone intake hose fits the VW T6/T6.1 2015 Onwards. This product replaces the original rubber hose, it is constructed with **5 ply silicone layers** and Fluro silicone inner liner which prevents discolouring and adds further to the hose integrity.

The hose is only compatible with the VW Transporters that have the OEM hose Number: **7E0129615P**.

Due to its location it really **improves the looks of the engine** compartment and **removes any restriction of the OEM** ribbed rubber hose. These are available in red, blue, or black. Please select your choice in the options above when ordering.

- 
- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
  - This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
  - The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
  - The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
  - Lifetime warranty\*
