Opis produktu

FMIND16 - Golf Mk5 2.0 GTi & ED30 and Audi S3 2.0

The new Forge Motorsport single intake for golf Mk5 GTi, ED30 and Audi S3 is the latest evolution of our intake range for the VAG market.

A huge Pipercross filter mounted right behind the inlet scoop in its own folded and powder coated black enclosure ensures maximum supply of air regardless of your power level. Leading from the turbo inlet is a smooth mandrel bent 70mm aluminium pipework, powder coated black, incorporating our precision machined MAF boss.

The kit comes complete with all the parts you need for the installation including our own bespoke silicon hoses, hose clamps, bolts and of course full instructions.

Please note - the Pipercross filter is excluded from the Forge lifetime warranty
