Intake Kit for the Renault Clio RS200/220 Turbo

Cena brutto	950,88 zł
Cena netto	950,88 zł
Dostępność	Na zamówienie
Numer katalogowy	379175701

Opis produktu

This kit is specifically designed for the Renault Clio RS200/220 turbo. We use a custom designed silicone hose combined with a non-oiled cotton gauze high flow cone filter offering excellent filtration. Everything needed is supplied in the kit, including quality stainless steel clamps. Testing of this kit showed improvements of 4BHP over the stock air box on a standard engine. Greater improvements can be achieved on tuned vehicles.

You have a choice of black or blue silicone hose, please select your choice using the options above.

For replacement filter you will need [this product](#).

PLEASE NOTE: THIS WILL NOT FIT THE TROPHY 220 MODEL AND THE PHASE 2 1.6 TURBO CLIO [Click here to see FMIND3RCTY which fits these vehicles](#)

If you are unsure if this product is suitable for your application, please contact us.

Please watch [our video](#) on how to fit an air filter without damaging it.

DO NOT OVER TIGHTEN

When fitting the filter to its counterpart please ensure you do not over tighten the hose clamp connecting them. Doing so could result in the part being crushed, leading to fitment and/or performance issues. The recommended torque setting for this hose clamp is 2-2.4Nm
