Opis produktu

This Silicone replacement hose fits from the throttle body to the intercooler, on the Polo 1.8 GTI or SEAT Ibiza MK3 (6L) 1.8T. It can be fitted with either our front mount, or to a stock car, with the original intercooler. The reinforced silicone structure of the hose will **withstand greater temperatures and pressures than the original hose** and is ideal for tuned engines.

Available in black.

- The Forge silicone hoses in this kit have been designed to include an expensive inner liner of modified silicone known as Fluorosilicone.
- This means the hoses are suitable to be used with either modern long-life coolants, Organic Acid Technology coolants (O.A.T.) or air containing oil mist.
- The construction of the hoses has been engineered to exceed that of the OEM fitments, and will enhance any engine bay both technically and aesthetically
- The use of a Fluorosilicone liner ensures that Forge silicone hoses are the clear market leader.
- Lifetime warranty*
