Numer katalogowy	<b>379176712</b>
Kod producenta	<b>FMDV25</b>
Kod EAN	<b>*5056721238463*</b>

### Opis produktu

**We recommend [servicing](#) your valve every 3 years, or 20,000 miles, whichever comes sooner**

Precision engineered to fit perfectly in the OEM position at the front of the engine bay. These valves are a perfect upgrade to any and all Kia Stinger GT's. We have created a unique design that allows the valve to be fitted in a fully atmospheric mode, giving you iconic and recognisable noise from under the bonnet, or in a fully recirculating mode, giving you the subtlety yet reliability of a Forge valve.

#### **Highlights:**

- Utilising world leading springs for more precise operation and consistency
- All internal and external components have been made in the UK, ensuring top quality, and offering a valve with faster response times and longer service intervals
- The piston uses heat stabilised Viton O-rings
- Lubricated with high temperature [Mobil1](#) grease to ensure a long life with minimal wear and very long service intervals
- A super durable and responsive aluminium piston
- Fully serviceable and rebuildable in minutes
- Available in anodised black
- No check engine lights (EML)
- Covered by the unique Forge Lifetime Warranty\*

#### **In The Box:**

- 2 x Dump Valves
- 2 x recirculating valve ports
- 2 x lengths of vacuum hose
  - 2 x hose blanks
  - 2 x hose clamps
- 8 x Allen head bolts
