Kolektor ssący dolotowy z intercoolerem Wagner Tuning BWM M8 G80 Limousine (Competition)

Cena brutto	17 189,99 zł
Cena netto	13 975,60 zł
Numer katalogowy	WT-200001187

Opis produktu

Discover the revolution in performance tuning for your 3.0-liter S58 turbo M-model engine with the innovative Wagner Tuning intake manifold with integrated intercooler. Designed to meet the high demands of the S58 engine, this exceptional kit features a special Competition intercooler core that has an impressive 50% larger external core volume compared to the original intercooler. The optimal ratio between inner and outer cooling surface maximizes heat transfer while ensuring the best possible internal airflow. The end boxes are made of high quality aluminum chill casting and have been designed for optimal airflow conditions through CFD simulations, resulting in outstanding cooling characteristics with minimal back pressure. This kit is the perfect choice. Our Wagner Tuning intercoolers feature a thermally conductive anti-corrosion coating to ensure maximum durability and performance. Installation of the system is straightforward thanks to our detailed installation instructions and can easily be done as a plug and play. Enjoy the numerous benefits of this product: - Achieve significantly improved cooling performance with intake air temperatures that are up to 20° cooler. - Relieve your turbocharger both mechanically and thermally in a maximum way. - Experience an impressive increase in power and torque for your engine. - Benefit from 100% pressure resistance and reliability. - Plug-and-play feature allows for easy installation without modifications. - The intake manifold is suitable for use with prepared intake manifold injectors (Fuel Rail optionally available here). - Use the 1/8 NPT ports to measure and monitor additional parameters. - This intake manifold is ideal for all power levels. Get your engine ready for unparalleled performance and take your driving experience to the next level. Opt for the Wagner Tuning intake manifold with integrated intercooler and experience a new dimension of power, speed and driving pleasure. Discover the limits of what is possible and take your performance to the next level. part number: 200001187 Fits the following models with S58 engine: BMW G87 M2 338kW/460 hp BMW G80/G81 M3 353-375kW/480-510hp BMW G82 M4 353-405kW/480-550HP BMW F98 X4M 353-375kW/480-510hp Weight: 13.00 kg Volume: 26.00 cm³/kg
