Kod producenta	<b>HS-MINI-01</b>

### Opis produktu

It's a case of MINI car, mighty performance when you install our 2.5" bore 4-2-1 high-flow exhaust manifold for the Cooper S 2002-2006. Constructed from 304 grade stainless steel for reliability, you're not only getting a great looking exhaust manifold with our setup, you're also benefitting from a back-pressure reduction and a boost in power output, too. Can be fitted with either the OE cat-back exhaust, or XFORCE cat-back exhaust.
