### Opis produktu

Xforce offers a range of uniquely engineered and designed stainless steel bolt on exhaust systems. These exhaust systems bolt directly to existing mounting points making installation easy. They are built to perform well, with materials designed for longevity and like all Xforce exhaust systems they look great! The unique header design increases power throughout the rev range, while providing a great engine audio note - make it roar! 1 7/8" primary with 3" outlet 3" metallic high flow cats Non polished stainless steel O2 extension looms are required Not recommended for supercharged applications If Supercharged use H2-VF83-KIT Must use tuning pipes in place of cats on Dyno Image for reference only - system is not polished
